It is an outstanding supplement to a traditional review program. It helps your preparation for the exam become easier and more efficient. The strategies, puzzles, and questions give you enough exposure to the Insider Language to use it with confidence and make it part of your long-term memory. The Ohio OGT Social Studies Exam Success Guide is an awesome tool to use before a course of study as it will help you develop a strong working Insider's Language before you even begin your review. Learn the Secret to Success on the Ohio OGT Social Studies Exam. After nearly 20 years of teaching we discovered a startling fact: Most students didn't struggle with the subject, they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research, he discovered that for any subject there was a list of essential words, that, when mastered, unlocked a student's ability to progress in the subject. We called this set of vocabulary the "Insider's Words." When he applied these "Insider's Words" the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of Books and applications to teach this "Insider's Language" to students around the world. Our books and applications are helpful to any student. They are especially helpful to struggling students, English language learners, and students beginning a course of study. The strongest students will also enjoy the puzzle and game aspect of the books. In all cases, the books provide an enjoyable break from the tedious and mundane experience of traditional test preparation. Get your copy today!

Systematic, practical, and accessible, this is the first book to focus on finding the most defensible design for a particular research question. Thoughtful guidelines are provided for weighing the advantages and disadvantages of various methods, including qualitative, quantitative, and mixed methods designs. The book can be read sequentially or readers can dip into chapters on specific stages of research (basic design choices, selecting and sampling participants, addressing ethical issues) or data collection methods (surveys, interviews, experiments, observations, archival studies, and combined methods). Many chapter headings and subheadings are written as questions, helping readers quickly find the answers they need to make informed choices that will affect the later analysis and interpretation of their data. ? Useful features include: \*Easy-to-navigate part and chapter structure. \*Engaging research examples from a variety of fields. \*End-of-chapter tables that summarize the main points covered. \*Detailed suggestions for further reading at the end of each chapter. ?\*Integration of data collection, sampling, and research ethics in one volume. \*Comprehensive glossary. ?

Qualitative and quantitative test results from researchers, curriculum authors, teachers, and administrators demonstrate why Thinking Maps® have increased student performance and teacher effectiveness.

This updated third edition contains new chapters on important issues—including race, gender, sexuality, and multiculturalism—affecting social studies education.

The GED® test is your chance to get the job or career you want. The GED® test credential is the only high school equivalency credential recognized in all 50 states.
