the greatest saint in the Christian calendar, and one of the most influential men in the whole of human history. By universal acclaim, this biography by G. K. Chesterton is considered the best appreciation of Francis's life--the one that gets to the heart of the matter. For Chesterton, Francis is a great paradoxical figure, a man who loved women but vowed himself to chastity; an artist who loved the pleasures of the natural world as few have loved them, but vowed himself to the most austere poverty, stripping himself naked in the public square so all could see that he had renounced his worldly goods; a clown who

stood on his head in order to see the world aright. Chesterton gives us Francis in his world-the riotously colorful world of the High Middle Ages, a world with more pageantry and romance than we have seen before or since. Here is the Francis who tried to end the Crusades by talking to the Saracens, and who interceded with the emperor on behalf of the birds. Here is the Francis who inspired a revolution in art that began with Giotto and a revolution in poetry that began with Dante. Here is the Francis who prayed and danced with pagan abandon, who talked to animals, who invented the creche.

These three works form the chief sources of the saint's life and the beginnings of the Franciscan Order which he founded in 1212. Born at Assisi in 1182, St Francis embraced a life of holy poverty after a gay and sometimes extravagant youth. At the age of twenty-two he fought with great spirit and was taken prisoner in a petty feud between the town of Assisi and Perugia. During his captivity he reflected on his former mode of life, but attempted to take up arms once more on his recovery. However, a second illness intervened, and after a period in which

wordly pleasure and spiritual counsels sought mastery and he finally determined to dedicate his life and work to God. Through pilgrimage, devotion, example and simple teaching he became one of the great Christian reformers. 'Whatever accretions of legendary material', says Fr McKay in his Introduction, 'have crept in here and there to heighten the colours of St Francis's portrait, they are undoubtedly in keeping with the total impressions which St. Francis made upon the world of his day.' Moreover St Francis was the very opposite of a sour Puritan: we are told he was the 'most joyous of saints, and

would have no sad, long faces about him, and always rebuked any friar that was gloomy or melancholy.' He wanted his friars to be joculatores Dei ('the minstrels of God'). The Little Flowers is translated from the 'Fioretti', an Italian translation of a Latin original of which the earliest extant manuscript is one of 1390. It is a narration of miracle and hymn connected with the saint and his friars. The Mirror of Perfection is based on documents and memoirs left by Friar Leo, St Francis's favourite disciple, and was completed about 1318. St Bonaventure wrote the Life of St Francis c. 1260, intending it

Francis of Assisi is one of the most beloved of all saints. Both traditional and entirely revolutionary, he was a paradox. He was at once down to earth and reaching toward heaven, grounded in the rich history of the Church while moving toward a new understanding of the world beyond. Globally recognized as an ecumenical teacher, Richard

Rohr started out—and remains—a Franciscan friar. The loving, inclusive life and preaching of Francis of Assisi make him a recognizable and beloved saint across many faith traditions. He was, as Rohr notes, “a master of ‘making room for it’ and letting go of that which was tired or empty.” Francis found an “alternative way” to follow Jesus, one that disregarded power and privilege and held fast to the narrow path of the Gospel. Rohr helps us look beyond the birdbath image of the saint to remind us of the long tradition founded on his revolutionary, radical, and life-changing embrace of the

teachings of Jesus. Rohr draws on Scripture, insights from psychology, and literary and artistic references, to weave together an understanding of the tradition as first practiced by St. Francis. Rohr shows how his own innovative theology is firmly grounded in the life and teaching of this great saint and provides a perspective on how his alternative path to the divine can deepen and enrich our spiritual lives. Saint Francis of Assisi and finds an old, but new way of following Jesus that heals and inspires. Chase Falson's spiritual discontent mirrors the feelings of a growing number of Christians who walk out of church asking, Is this all there is? They are weary of celebrity pastors, empty calorie teaching, and worship services where the emphasis is more on Lights, Camera, Action than on Father, Son, and Holy Spirit while the deepest questions of life remain unaddressed in a meaningful way.
