For all who are wondering how the pieces fit into the jigsaw of God's revelation, Colin Smith has provided an answer, which is refreshingly simple, biblically accurate, and will prove phenomenally helpful to the serious Bible student and the new beginner alike. — Alistair Begg, senior pastor, Parkside Church In Unlocking the Bible Story, Colin Smith moves gradually through portions of the Bible to explain how it all holds together. He tells God's one grand story of salvation and reflects on major themes along the way. In volume 2 he moves through the Wisdom and Prophetic books, which provide reflections on life with God, judgment for sin, and the hope of restoration. Includes the study guide formerly sold separately. One of the most urgent needs in the church today is for a crisp and comprehensive knowledge of the Bible's storyline. To grasp how the sacred history moves from Genesis to Revelation not only brings fresh insight into how the Bible hangs together, and what each part contributes to the whole, but also is crucial for developing a Christian worldview. Colin Smith has met these needs admirably. I hope these volumes will circulate widely and be read and re-read. — D. A. Carson, research professor New Testament at Trinity Evangelical Divinity School, cofounder of The Gospel Coalition

The Yoga Sutas of Patanjali - Book 2: Sadhana Pada What relevance does the wisdom of the ancient and timeless practice and philosophy of yoga have for us today? Has the world qualitatively changed such that the principles of life and the dynamics of consciousness as observed by the seers and teachers of ancient times are no longer relevant? Is modern culture's aim of freedom to pursue desires and experience the world through the senses a sufficient explanation and justification of life? In Sadhana Pada the ageless methods for achieving freedom from desires are presented. These life changing principles and practices are offered here so that they can be tested and experienced in the setting of modern life; the experience of peace that they bring can then be measured against the experience of a life spent fulfilling desires.
