The 2nd Edition covers many major trademarks and manufacturers, including Fender, Marshall, Vox, and Ampeg, in addition to many smaller companies. Contains detailed descriptions and images on the most popular models, including both vintage and new amplifiers. A color section also helps determine conditions.

"One icy winter's evening in Budapest, a man runs straight into John Taylor as he walks home through the narrow streets. John falls over into the snow and looks up at the man's face. 'I felt very afraid. Because what I saw was me. My face looking down at me. My mouth

saying sorry.' Who is the man, and how will John's life change?

(Book). Guild guitars have been around since the early 1950s, and by the beginning of the '60s, the company had established a solid reputation for its electric and acoustic archtops, which are still widely regarded today. Despite this enduring popularity, little was known about the history of Guild. The Guild Guitar Book is the result of years of intensive research and countless photo sessions. It includes a thorough history of the company and its guitars, including serial numbers, specifications, original prices, and all the information needed to date Guild guitars. Features hundreds of photos, with a beautiful 40-page color section. Now Back in Print!

The New York Times–bestselling “first-rate spy thriller” of the FBI agent who sold top-secret information to the Russians for more than twenty years (Entertainment Weekly). Drawing from a wide variety of sources in the FBI, the Justice Department, the White House, and the intelligence community, Pulitzer Prize–winning author David A. Vise tells the story of how FBI counterintelligence agent Robert Philip Hanssen employed the very sources and methods his own nation had entrusted to him in a devious game of deceit—simply because he had something to prove. Vise also interweaves the narrative of how FBI director Louis J. Freeh led the government’s desperate search for its betrayer among its own ranks, from the false leads, to the near misses, to its ultimate, shocking conclusion. Fascinating, gripping, and provocative, *The Bureau and the Mole* is a harrowing tale of how one man’s treachery rocked a fraternity built on fidelity, bravery, and integrity—and how the dedicated perseverance of another brought him to justice. “Absorbing . . . Vise’s account of Mr. Hanssen’s road to becoming a double agent is fascinating.” —Michiko Kakutani, *The New York Times*

This book tells you how, why, and when you should perform certain audio postproduction tasks within Soundtrack Pro 3 while editing your video in the Final Cut Studio suite. Intertwining video editing workflows with audio editing workflows for video editors using Final Cut Studio 3, it also describes in-depth the audio postproduction process as well as the specific tools used for editing and mixing audio within Soundtrack Pro 3. The final section is designed as an audio postproduction “cook-book”, describing typical audio post scenarios with detailed workflows for dealing with them. The book provides real-world workflows and step-by-step instruction on the basics of audio editing in STP3, implementing sound effects, spectral tools and much more. Also included is a DVD containing both video and audio files, demonstrating surround sound, mixing procedures, and other audio editing processes. Included as well are project files with which you can refine techniques learned in the book. The DVD is not included with the E-book. Please contact the publisher for access to the DVD content by emailing d.mcgonagle@elsevier.com.

America's Civil War raged for more than four years, but it is the three days of fighting in the Pennsylvania countryside in July 1863 that continues to fascinate, appall, and inspire new generations with its unparalleled saga of sacrifice and courage. From Chancellorsville, where General Robert E. Lee launched his high-risk campaign into the North, to the Confederates' last daring and ultimately-doomed act, forever known as Pickett's Charge, the battle of Gettysburg gave the Union army a victory that turned back the boldest and perhaps greatest chance for a Southern nation. Now acclaimed historian Noah Andre Trudeau brings the most up-to-date research available to a brilliant, sweeping, and comprehensive history of the battle of Gettysburg that sheds fresh light on virtually every aspect of it. Deftly balancing his own narrative style with revealing firsthand accounts, Trudeau brings this engrossing human tale to life as never before.

This book is a how-to manual covering common bandaging methods used to support and manage both soft tissue and orthopedic conditions in small animal patients. It offers step-by-step procedures with accompanying photographs to aid in the secure and effective application of bandages, casts, and splints. Coverage includes indications, aftercare, advantages, and potential complications for each technique.

Asked to care for the orphaned 4-year-old son and Bassett hound of a murdered ex-convict, defense attorney Andy Carpenter finds his circumstances further complicated when his friend, police officer Pete Stanton, is wrongly accused of the crime. 40,000 first printing.

Presents a collection of short mystery stories set in the state of New Jersey by such authors as Bradford Morrow, Sheila Kohler, Richard Burgin, and Alicia Ostriker.

Every time we knit, we have the opportunity to create positive change in ourselves, our community, and in the world. That's Betsy Greer's fervent belief, and in this book she shows us how. Betsy explores the ways we can use knitting to slow down in a fast-paced culture, while using the craft to benefit charities in our communities, to advocate for worthwhile causes, and to support individuals and communities across the globe. Filled with insights from knitters and crafters on how they use craft to benefit others, *Knitting for Good!* will get you thinking about knitting in a whole new way. To learn more about the author, visit her website: craftivism.com
