Technical Communication Strategies Today Edition

Technical Communication Strategies for Today offers both and speaks to today's students. Instructional narrative is “chunked,” so that portions of text are combined with graphics. The chunked presentation also integrates an awareness of how documents are read—often skimmed by readers seeking the information they need, and it models the way today's technical documents should be designed.

Description. Technical Communication Today remains the only text to fully centralize the computer in the technical workplace, presenting how writers use computers throughout their communication process. Writers use their computers to help them think, research, compose, design, and edit. Not only is Technical Communication Today firmly rooted in core rhetorical principles, but the text also presents computers as thinking tools that powerfully influence how we develop, produce, design, and ...
