The book im using on my course is the revised version. I use Teeline made simple at home as i find it very easy to understand and often use it as a cross reference. it also proves that Teeline is very adaptable. I fully recommend this book and find its explanation of Teeline easier and simpler than the revised-which I have to use with the ...

Simple phrases with short words. Speed building was a simple but painful process at times. Plateaus occurred frequently and were difficult to break through. The best technique was testing myself at the higher speeds - and probably failing - but this made the lower speeds seem slower and helped me pass those tests.
