The Catechism of Catholic Ethics is a comprehensive explanation of Roman Catholic teaching on the basic principles of ethics, including: the eternal moral law, natural law, the three fonts of morality, the principle of double effect, the principle of cooperation with evil, the use of personal judgment and conscience, moral certitude, temptation, and differing degrees of sin and culpability.

The Catechism of Catholic Ethics: A work of Roman Catholic ...

The object, the intention, and the circumstances make up the "sources," or constitutive elements, of the morality of human acts. 1751 The object chosen is a good toward which the will deliberately directs itself. It is the matter of a human act.

Catechism of the Catholic Church - The morality of human acts

Catholic moral theology is a major category of doctrine in the Catholic Church, equivalent to a religious ethics. Moral theology encompasses Roman Catholic social teaching, Catholic medical ethics, sexual ethics, and various doctrines on individual moral virtue and moral theory. It can be distinguished as dealing with "how one is to act", in contrast to dogmatic theology which proposes "what one is to believe".

Catechism.cc - Roman Catholic theology on faith and morals

Another moral horror is the practice of freezing some of the artificially procreated embryos, often with no intention to bring them to birth. They are frozen indefinitely, just in case more embryos are needed. In my book, *The Catechism of Catholic Ethics*, I estimate that there are presently over one million frozen embryos in the world. These embryos are in a state of literal slavery, since they are treated as property, not persons, and are deprived of all fundamental human rights.

The *Catechism of Catholic Ethics* is a comprehensive explanation of Roman Catholic teaching on the basic principles of ethics, including: the eternal moral law, natural law, the three fonts of morality, the principle of double effect, the principle of cooperation with evil, the use of personal judgment and conscience, moral certitude, temptation, and differing degrees of sin and culpability. This book clarifies for the reader the distinction between positive and negative precepts, between interior and exterior acts, between doctrine and discipline, and between imperfection and sin. This work also covers magisterial teachings on specific types of acts, including: lying, theft, murder, just and unjust violence, slavery, just and unjust war, abortion, contraception, in vitro fertilization, sexual sins and marital sexual ethics. The book closes with a long chapter on Catholic salvation theology, called grace and salvation.

This updated second edition of the *Catechism of the Catholic Church* incorporates all the final modifications made in the complete, official Latin text, accompanied by line-by-line explanations of orthodox Catholicism, summaries of each section, a detailed index, extensive cross-references, and helpful footnotes.

Revised edition of *A catechism for business*, 2014.

As hunger for the faith continues to grow, Pope Benedict XVI gives the Catholic Church the food it seeks with 598 questions and answers in the

The essays in this volume are a commentary on the latest *Catechism of the Catholic Church*, centering on its third part (1691-2557), the part that deals with moral questions and is entitled: *Life in Christ*. Their purpose is to highlight its moral teaching and make it more generally available and understandable by means of background analysis and explanation.

The purpose of *A Catechism for Family Life: Insights from Catholic Teaching on Love, Marriage, Sex, and Parenting* is to present the teachings of the Catholic Church as they relate to specific questions in marriage and family life. Many Catholics are under-catechized and have trouble both understanding and articulating Church teaching on sexuality and marriage to an increasingly challenging culture. Pope Francis, along with the fathers of the two recent Synods on the Family, have called for better formation for those who work in the area of marriage and family life (see *Amoris Laetitia*, 202). To address this need, we gathered pertinent questions facing men, women, and pastoral workers in marriage and family life. We then found passages relevant to these questions by researching Church documents on marriage and family from the past one hundred years. These include papal encyclicals, apostolic exhortations, and addresses, Vatican II documents, and the *Catechism of the Catholic Church*. Mainstream media coverage of Church events and Church teaching leads many to misunderstand Catholic positions on marriage and family life. While the Catholic Church has developed a rich, detailed, and positive teaching on marriage, family, and sexuality, many

Catholics do not have access to this teaching, buried as it is in lengthy Church documents which many find intimidating. Finding the relevant teaching to address specific questions is not always a simple task, either. This book 's main contribution is to present Church teaching relevant to marriage and family in one volume clearly organized by topic and question.

Suggestions for study. A brief but complete book on traditional Catholic morality. Covers every basic aspect--the purpose of life, free will, the Natural Law, positive divine law, human positive laws, elements of a moral act, virtues, Christian perfections, Evangelical Counsels, nature of sin, kinds of sin, duties toward God, ourselves, our neighbor, the family, state, Church, etc.

This book presents the teachings of the Roman Catholic Faith on sexual ethics for married couples. It addresses a fairly narrow topic: not marriage in general, and not ethics in general, but marital sexual ethics. The author, Ronald L. Conte Jr., is the translator of the Catholic Public Domain Version of the Bible, a conservative Catholic translation of the Latin Vulgate. He is also the author of the books: 'The Catechism of Catholic Ethics' and 'Roman Catholic Teaching on Abortion and Contraception'. His other books cover diverse subjects in theology, including Mariology, Biblical chronology, eschatology, and other topics. The good news about sex and marriage offered by this book is that the teachings of the Magisterium on marital sexual ethics are clear and definitive. But in order to follow those teachings, sexuality must be given its proper and limited place in the scale of spiritual and temporal values. Other works on this topic offer enthusiastic praise for sex within marriage, while ignoring the basic principles of ethics; they over-emphasize sex and under-emphasize ethics. They distort the theology of the body taught by Pope John Paul II, and ignore his magisterial teachings on the three founts of morality. But if you are faithful to Christ, then you know in your heart of hearts that the marital bedroom is not exempt from the moral law. The marital bed is not a morality-free zone. Therefore, this book begins with the basic principles of morality taught by Pope John Paul II in *Veritatis Splendor*. These principles are the foundation of Catholic moral theology. Then, with a clear understanding of essential ethical principles, we examine specific teachings on sexual morality found in the Catechism of the Catholic Church, *Humanae Vitae*, *Casti Connubii*, *Evangelium Vitae*, *Familiaris Consortio*, and many other magisterial documents, and well as in the Bible and in the writings of the Saints. The main topics addressed are: contraception, abortion, artificial procreation (e.g. IVF), and various types of sexual acts within marriage. The book includes a brief discussion of the theological, moral, and intellectual virtues. For in order to avoid committing sexual sin (or any other type of sin), one must cooperate with grace in acts of love, faith, hope, and all the virtues given to us by God. A few other topics are covered briefly, including sexual sins in general, differences in roles of the husband and wife, etc. The final chapter answers 30 common questions on marital sexual ethics.

The presence of the Catholic Church in the United States reaches back to the founding days of our country through the leadership of Archbishop John Carroll, the first Catholic bishop in the United States. His story like the stories at the start of each chapter in the United States Catholic Catechism for Adults give us a glimpse into the lives of Catholics who lived out their faith throughout our country's history. Each chapter in the Catechism for Adults includes stories, doctrine, reflection, quotations, discussion questions, and prayer to lead the reader to a deepening faith. The Catechism for Adults is an excellent resource for preparation of catechumens in the Rite of Christian Initiation of Adults and for ongoing catechesis of adults.

Introduces young readers to Catholic beliefs as expressed in the Catechism of the Catholic Church.
