Two of the surviving Dambuster airmen have attended a ceremony after a flypast to mark the 70th anniversary of the World War II raid on German dams. Hundreds of onlookers gathered as a Lancaster...

Dambusters flypast and ceremony on raid's 70th anniversary ...

Number 617 Squadron is a Royal Air Force aircraft squadron, originally based at RAF Scampton in Lincolnshire and currently based at RAF Marham in Norfolk. It is commonly known as the "Dambusters", for its actions during Operation Chastise against German dams during the Second World War. In the early 21st century it operated the Panavia Tornado GR4 in the ground attack and reconnaissance role until being disbanded on 28 March 2014. The squadron reformed on 18 April 2018, and was equipped at RAF M

Lancaster bombers of 617 Squadron breached the giant Moehne and Eder Dams with colossal 'blockbuster' bombs. The Dam Busters tells the story of the raid and the squadron of fearless airmen who carried it through. Again and again, the crews of 617 Squadron Bomber Command used their flying skills, their tremendous courage and Barnes Wallis' highly accurate bouncing bombs to deal devastating blows to Nazi Germany. One of the most daring true stories to emerge from the Second World War, Paul Brickhill's The Dam Busters inspired the famous 1955 film starring Michael Redgrave and Richard Todd.

On 16 May 1943, nineteen Lancaster aircraft from the RAF's 617 Squadron set off to attack the great dams in the industrial heart of Germany. Flying at a height of 60ft, they dropped a series of bombs which bounced across the water and destroyed two of their targets, thereby creating a legend. The one-off operation combined an audacious method of attack, technically brilliant flying and visually spectacular results. But while the story of Operation Chastise is well known, most of the 133 'Dambusters' who took part in the Dams Raid have until now been just names on a list. They came from all parts of the UK and the Commonwealth and beyond, and each of them was someone's son or brother, someone's husband or father. This is the first book to present their individual stories and celebrate their skill, heroism and, for many, sacrifice.

Wing Commander Guy Gibson writes affectionately about his beloved aircrews.

CMH Publication 70-30. Edited by Frank N. Schubert and Theresa L. Kraus. Discusses the United States Army's role in the Persian Gulf War from August 1990 to February 1991. Shows the various strands that came together to produce the army of the 1990s and how that army in turn performed under fire and in the glare of world attention. Retains a sense of immediacy in its approach. Contains maps which were carefully researched and compiled as original documents in their own right. Includes an index.

The ultimate history of the Blitz and bombing in the Second World War, from Wolfson Prize-winning historian and author Richard Overy The use of massive fleets of bombers to kill and terrorize civilians was an aspect of the Second World War which continues to challenge the idea that Allies specifically fought a 'moral' war. For Britain, bombing became perhaps its principal contribution to the fighting as, night after night, exceptionally brave men flew over occupied Europe destroying its cities. The Bombing War radically overhauls our understanding of the War. It is the first book to examine seriously not just the most well-known parts of the campaign, but the significance of bombing on many other fronts - the German use of bombers on the Eastern Front for example (as well as much newly discovered material on the more familiar 'Blitz' on Britain), or the Allied campaigns against Italian cities. The result is the author's masterpiece - a rich, gripping, picture of the Second World War and the terrible military, technological and ethical issues that relentlessly drove all its participants into an abyss. Reviews: 'Magnificent ... must now be regarded as the standard work on the bombing war ... It is probably the most important book published on the history of the second world war this century' Richard J Evans, Guardian 'Monumental ... this is a major contribution to one of the most controversial aspects of the Second World War ... full of new detail and perspectives ... hugely impressive' James Holland, Literary Review 'This tremendous book does what the war it describes signally failed to do. With a well-thought-out strategy and precision, it delivers maximum force on its objectives ... The result is a masterpiece of the historian's art' The Times 'It is unlikely that a work of this scale, scope and merit will be surpassed' Times Higher Education 'What distinguishes Mr Overy's account of the bombing war from lesser efforts is the wealth of narrative detail and analytical rigour that he brings to bear' Economist 'Excellent ... Overy is never less than an erudite and clear-eyed guide whose research is impeccable and whose conclusions appear sensible and convincing even when they run against the established trends' Financial Times 'Hard to surpass. If you want to know how bombing worked, what it did and what it meant, this is the book to read' Times Literary Supplement About the author: Richard Overy is the author of a series of remarkable books on the Second World War and the wider disasters of the twentieth century. The Dictators: Hitler's Germany, Stalin's Russia won both the Wolfson Prize for History and the Hessel-Tiltman Prize. He is Professor of History at the University of Exeter. Penguin publishes 1939: Countdown to War, The Morbid Age, Russia's War, Interrogations, The Battle of Britain and The Dictators. He lives in London.

Records the efforts of six hundred British and American officers to escape from a Nazi prison camp.

An explosive insider account of grime, from subculture to international phenomenon. ***** A group of kids in the 2000s had a dream to make their voice heard - and this book documents their seminal impact on today's pop culture. DJ Target grew up in Bow under the shadow of Canary Wharf, with money looming close on the skyline. The 'Godfather of Grime' Wiley and Dizzee Rascal first met each other in his bedroom. They were all just grime kids on the block back then, and didn't realise they were to become pioneers of an international music revolution. A movement that permeates deep into British culture and beyond. Household names were borne out of those housing estates, and the music industry now jumps to the beat of their gritty reality rather than the tune of glossy aspiration. Grime has shaken the world and Target is revealing its explosive and expansive journey in full, using his own unique insight and drawing on the input of grime's greatest names.

A special edition of England, Their England by A. G. Macdonell reissued with a bright retro design to celebrate Pan's 70th anniversary. Banished from his native Scotland by a curious clause in his father's will, Donald Cameron moves to London and decides to conduct a study of the English people; a strange race who, he is told, have built an entire national identity around a reverence for team spirit and the memory of Lord Nelson . . . What follows is one of the funniest social satires ever written. Whether Cameron is haplessly participating in a village cricket match, being shown around an exclusive golf course, or trying to watch a rugby match in the thick London fog, his affectionately bemused portrait of his new countrymen is a joy to read. Reminiscent of the gentle wit of P. G. Wodehouse and Jerome K. Jerome, England, Their England offers a delightful portrait of Britain in the 1920s.
