technological pathways, Jasanoff shows, leads to a complex interplay among technology, ethics, and human rights.

The Ethics of Invention: Technology and the Human Future ...

In *The Ethics of Invention*, Technology rules us as much as laws do. It shapes the legal, social, and ethical environments in which we act. Every time we cross a street, drive a car, or go to the doctor, we submit to the silent power of technology. Yet, much of the time, the influence of technology on our lives goes unchallenged by citizens and our elected representatives.
