Dies the Fire goes through the usual paces in an end-of-the-world novel: civilization collapses, there is much confusion and rioting, a few lucky/prepared ones are situated such that they don't starve while all the city-dwellers run out of food, there's a massive die-off, and then the most organized, ambitious, and/or ruthless are setting up fiefdoms.

Together with his wonder-working friend, Ailsa Spink, and the fire-eating illusionist McNulty, Bobby will learn to believe in miracles that will save the people and place he loves.

Surreal, playful, and always poignant, the prose poems in Jose Hernandez Diaz ' s masterful debut chapbook introduce us to a mime, a skeleton, and the man in the Pink Floyd t-shirt, all of whom explore their inner selves in Hernandez Diaz ' s startling and spare style. With nods to Russell Edson and the surrealists, Hernandez Diaz explores the ordinary and the not-so-ordinary occurrences of life, set against the backdrop of the moon, and the poet ' s native Los Angeles. This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. Chichikov, a middle-aged gentleman of middling social class and means, arrives in a small town and turns on the charm to woo key local officials and landowners. He reveals little about his past, or his purpose, as he sets about carrying out his bizarre and mysterious plan to acquire "dead souls." The government would tax the landowners based on how many serfs (or "souls") the landowner owned, determined by the census. Censuses in this period were infrequent, so landowners would often be paying taxes on serfs that were no longer living, thus the "dead souls." It is these dead souls, existing on paper only, that Chichikov seeks to purchase from the landlords in the villages he visits. Setting off for the surrounding estates, Chichikov at first assumes that the ignorant provincials will be more than eager to give their dead souls up in exchange for a token payment. The task of collecting the rights to dead people proves difficult, however, due to the persistent greed, suspicion, and general distrust of the landowners.

Demon Bell, one of five children in a poor Texas family, thinks he is white until his half-sister blows the family secret. Now he has to face white nigger taunts at school and tries to cover up his race by claiming Mediterranean origin.
