The Jedi in the Lotus: Star Wars and the Hindu Tradition by Steven J. Rosen. My rating: 2 of 5 stars I was completely unaware that the ancient text known as the Vymanika Shastra contains detailed instructions on how to build a mercury vortex engine. Indeed, Sanskrit scholar Shivkar Bapuji Talpade reportedly built such a demo aircraft and put it to the test in Bombay in 1895.

More importantly, the timeline of Star Wars doesn't allow for the training of another Jedi in The Mandalorian. If Ahsoka Tano takes Baby Yoda as a student, then the duo should be a strong master-and-apprentice tandem by the era of the Star Wars sequel trilogy. This ruins the entire emphasis of The Last Jedi, in which the lineage of the Jedi Order comes solely down to Luke Skywalker and Rey.

~~The Mandalorian: Will Ahsoka Train Baby Yoda To Be A Jedi?~~

Fate of the Jedi: Abyss is the third novel in the nine-book Fate of the Jedi series set two years after Star Wars: Legacy of the Force by Troy Denning and was released on August 18, 2009. At the end of the book, it has an introduction to Backlash.⁴ The audio version is narrated by Marc Thompson. The paperback was released on June 22, 2010.⁵ 1 Publisher's summary 1.1 Hardcover 1.1.1 Back cover ...

The Jedi in the Lotus is the first-ever examination of the Star Wars universe from a Hindu perspective, illuminating many hitherto undiscovered aspects of the background and meaning of the widely acclaimed film series. We are shown how its creators were influenced by the famed mythologist, Joseph Campbell, whose reading of the ancient Indian Epics, the Ramayana and Mahabharata, can be seen throughout the Star Wars films. This book also demonstrates how the metaphysical understanding of the Jedi Knights and the divinity conceived of as 'the Force' have resonances with teachings passed down by Hindu gurus and mystics for centuries, and how fantastic worlds and technology similar to that of the Star Wars universe were described in myths that are millennia old - and may even have had some basis in reality. Finally, The Jedi in the Lotus shows us how the Hindu traditions at the basis of Star Wars offer an alternative vision to the purely materialistic, soulless world of modernity. Steven J. Rosen (Satyaraja Dasa) is an initiated disciple of His Divine Grace A. C. Bhaktivedanta Swami Prabhupada. He is also founding editor of the Journal of Vaishnava Studies and associate editor of Back to Godhead. He has published twenty-one books in numerous languages, including the recent Essential Hinduism (Rowman & Littlefield, 2008); The Yoga of Kirtan: Conversations on the Sacred Art of Chanting (FOLK Books, 2008); and Krishna's Other Song: A New Look at the Uddhava Gita (Praeger-Greenwood, 2010). 'In conclusion, I can only say that The Jedi in the Lotus is a breakthrough book when it comes to understanding the mythic depth of the Star

Wars epics. Steven J. Rosen uses his masterful grasp of the Eastern traditions to explain the secrets of the most successful film series ever. This book also shows us why Joseph Campbell loved the wisdom tales from India, and, for those who found the Star Wars adventures memorable, this is a truly illuminating book.' - Dr. Jonathan Young, from the Foreword

Overthrowing Your Empire of Noise Noise. It's everywhere. Televisions blaring out commercials. Opinions shouted over the radio. The Internet and its unlimited distractions. All of the tasks and choices that you know don't really matter. Always intensifying, becoming a deep part of our everyday cycle, our now hurried lives. But often God speaks to us in the stillness. When Elijah needed to hear from God, God sent a fire, a quake, and a huge wind. But God wasn't in the fire. He wasn't in the quake. He wasn't in the wind. God was in the whisper. But the noise hides the whisper. Life is a dangerous place when we are stripped of our ability to hear God clearly. During His time here on earth Jesus Christ was a master of noise. He balanced time healing, teaching, and feeding the multitudes with regular periods alone with His Father. Static Jedi takes a look at the life of Jesus to help you master the noise and distractions and live in clarity.

Han and Leia endeavor to keep an increasingly unstable Jedi Order out of the control of government security; while Luke and his son, Ben, search a mysterious region of space for clues about Jacen's fall to the dark side. Reprint. A best-selling novel.

Provides an overview of Hinduism for "beginners" -- covering the history, beliefs, practices, and lifestyles of this rich tradition.

The Dharma of Star Wars links George Lucas's beloved classic and the wise words of the Buddha in playful and unexpectedly rewarding ways. Exploring Darth Vader's karma, the dark side within, and the way of the Force, Bortolin presents an inspiring, totally new take on the Star Wars saga--and a fresh interpretation of Buddhist teachings.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt

Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

The trailers for Star Wars: The Force Awakens made a strong impression on fans. Many were excited by what they saw as a return to the spirit of George Lucas's 1977 creation. Others—including several white supremacy groups—were upset and offended by key differences, most notably the shift away from a blond, blue-eyed, male protagonist. When the film was finally released, reactions similarly seemed to hinge on whether or not The Force Awakens renewed the "mythic" aspects of the original trilogy in ways that fans approved of. The Myth Awakens examines the religious implications of this phenomenon, considering the ways in which myth can function to reinforce "traditional" social and political values. In their analyses the authors of this book reflect on fan responses in relation to various elements of (and changes to) the Star Wars canon—including toys, video games, and novels, as well as several of the films. They do so using a variety of critical tools, drawing from studies of gender, race, psychology, politics, authority, music, ritual, and memory.

A series of brutal Chinatown murders sets off a manhunt for an Imperial Japanese agent even the Tong are afraid to kill. The Crimson Lotus, first introduced in B.P.R.D.: The Dead in 2005, finally stands revealed! * Essential ties to B.P.R.D. Plague of Frogs! "Lobster is the hero who gets things done instantly . . ."Comic Book Resources

This is a first-person poetic narrative by a successful middle-aged man, concerning a long spiritual journey. It began when he was twenty-seven, just getting traction with his engineering career, and was awakened from his ego-unconsciousness by mystical experiences that inspired him to scribble out reams of poetry and meet his Muse. Subsequent career demands induced him to deny the mystical experiences, quit writing poetry, and fall back asleep. For two decades he was comfortable in that sleep, but during the third, the emptiness of his successful, ego-life and bouts of depression induced him to wake up enough for him to realize there was something fundamentally wrong with it. After many hours of depression and deep thinking about his life, he realized that he had to regain the sense of meaningful wholeness he had felt when in those mystical states and writing poetry. This allegorical poem is his attempt to describe

that struggle to wake up out of his long ego-sleep, regain his mystical wholeness, and through the act of writing this poem, make peace with his betrayed Muse and explicate what he learned during the process.
