The Killing House by Claire McGowan. When a puzzling missing persons case, possibly connected to her own past, opens up in her home town, forensic psychologist Paula Maguire can't help but return.

The Killing House Review
A kill or shoot house is a type of indoor firing range modified to resemble a residential environment and with walls and floor fortified to safely absorb rounds fired from close range. It is used to train soldiers and police for various urban combat scenarios while permitting them to use their full power service weapons.

Long-buried secrets are being unearthed. And they're very close to home... Forensic psychologist Paula Maguire returns yet again to her hometown to investigate a spine-chilling case in THE KILLING HOUSE, the sixth novel in Claire McGowan's series. The Paula Maguire series is the perfect read for fans of Michael Connelly and Peter May. 'A delicious spookiness is added to McGowan's customary mix of complex characterisation and sweat-inducing excitement, offering a new level of chilling thrills' - Sunday Mirror When a puzzling missing persons' case opens up in her hometown, forensic psychologist Paula Maguire can't help but return once more. Renovations at an abandoned farm have uncovered two bodies: a man known to be an IRA member missing since the nineties, and a young girl whose identity remains a mystery. As Paula attempts to discover who the girl is and why no one is looking for her, an anonymous tip-off claims that her own long-lost mother is also buried on the farm. When another girl is kidnapped, Paula must find the person responsible before more lives are destroyed. But there are explosive secrets still to surface. And even Paula can't predict that the investigation will strike at the heart of all she holds dear. What readers are saying about the Paula Maguire series: 'I have loved every single book. It's the characters and their own personal lives that really stand out in Claire McGowan's novels' 'Claire McGowan knows how to pull us in. Her future releases are always lined up on my kindle way ahead of time!' 'McGowan keeps developing her characters to be more rounded and complex. I've really fallen in love with the character of Paula Maguire and I can't wait to read more about her'

Rule # 1: Don't Scream Four years ago, Theresa Herrera's ten-year-old son Rico was abducted. The police found little evidence and the case went cold. Theresa's husband has told her to move on, but she can't give up hope. Rule #2: Don't Call the Police Today, a mysterious woman invaded Theresa's home and told her the Rico is alive. Theresa talks on the phone to a young man who is, without question, her son. Rule Don't Run. Don't Fight The woman promises to reunite Theresa with Rico only if she follows the rules. But it is the last rule that fills Theresa with horror Rule #4: Kill Your Husband and Your Son Will Live Malcolm Fletcher - a former FBI profiler and now the nation's Most Wanted fugitive - arrives in Colorado to help Theresa and her husband find their son. But his arrival coincides with a dangerous and shocking twist in the case. Barely surviving his first encounter with a suspect, Fletcher embarks on his own secret investigation, with the police just behind him every step of the way. 'If you want a thriller that will chill your blood, break your heart and make your pulse race, Chris Mooney is your man.' Mark Billingham 'Harrowing, gripping, haunting, gut-wrenching and beautifully written.' Harlan Coben

When top British counterterrorist Captain Tim Bell snaps and plots to hold New York City hostage as part of his own deadly terrorist conspiracy, his old friend, Bob Yardley, must stop him

This book is a must for all home occupants as well as perfect for those contemplating moving to or purchasing a property.

The Sunday Times bestseller The definitive story behind the ITV factual drama White House Farm about the horrific killings that took place in 1985. On 7 August 1985, Nevill and June Bamber, their daughter Sheila and her two young sons Nicholas and Daniel were discovered shot to death at White House Farm in Essex. The murder weapon was found on Sheila's body, a bible lay at her side. All the windows and doors of the farmhouse were secure, and the Bammers' son, 24-year-old Jeremy, had alerted police after apparently receiving a phone call from his father, who told him Sheila had 'gone berserk' with the gun. It seemed a straightforward case of murder-suicide, but a dramatic turn of events was to disprove the police's theory. In October 1986, Jeremy Bamber was convicted of killing his entire family in order to inherit his parents' substantial estates. He has always maintained his innocence. Drawing on interviews and correspondence with many of those closely connected to the events – including Jeremy Bamber – and a wealth of previously unpublished documentation, Carol Ann Lee brings astonishing clarity to a complex and emotive case. She describes the years of rising tension in the family that culminated in the murders, and provides clear insight into the background of each individual and their relationships within the family unit. Scrupulously fair in its analysis, The Murders at White House Farm is an absorbing portrait of a family, a time and a place, and a gripping account of one of Britain's most notorious crimes.

Fatal attraction, primal fear, survival in the forest: From the author of the Printz Honor Book STOLEN, the highly anticipated thriller about deadly games played in the dark. Ashlee Parker is dead, and Emily Shepherd's dad is accused of the crime. A former soldier suffering from PTSD, he emerges from the woods carrying the girl's broken body. "Gone," he says, then retreats into silence. What really happened that wild night? Emily knows in her bones that her father is innocent -- isn't he? Before he's convicted, she's got to find out the truth. Does Damon Hilary, Ashlee's charismatic boyfriend, have the answers? Or is he only playing games with her -- the kinds of games that can kill?

Wilson has blended H.P. Lovecraft's dark vision with his own revolutionary philosophy and unique narrative powers to produce a stunning, high-tension story of vaulting imagination. A professor makes a horrifying discovery while excavating a sinister archaeological site. For over 200 years, mind parasites have been lurking in the deepest layers of human consciousness, feeding on human life force and steadily gaining a foothold on the planet. Now they threaten humanity's extinction. They can be fought with one weapon only: the mind, pushed to--and beyond--its limits. Pushed so far that humans can read each other's thoughts, that the moon can be shifted from its orbit by thought alone. Pushed so that man can at last join battle with the loathsome parasites on equal terms.

A dying man. The painting within her reach. What's a thief to do? Talented London milliner Emily Gates creates amazing hats for Society ladies, but to collect from those who don't pay her bill, she burglarizes their homes. She needs every penny to send her deaf brother to school. Late one night, she sneaks in to find Lord Kaldaire badly injured in his study. Unwilling to abandon him, she calls for help. When Kaldaire dies without revealing who attacked him, his widow agrees to keep Emily's secrets - if Emily will help find her husband's killer. A bigger danger is a Scotland Yard inspector who threatens to arrest Emily - unless she spies on her father's family of swindlers and con men. Worst of all are the attacks from an unknown assailant. What will Emily face first, jail or death? This cozy mystery is set in the era of My Fair Lady and Mary Poppins, of early automobiles and aeroplanes, and of King Edward VII and Sir Arthur Conan Doyle. If you enjoyed the Victorian Bookshop Mysteries, you'll like Emily Gates and the collection of aristocrats and thieves in her world as they step into the 20th century.
