The Pleasures of the Imagination is a long didactic poem by Mark Akenside, first published in 1744. The first book defines the powers of imagination and discusses the various kinds of pleasure to be derived from the perception of beauty; the second distinguishes works of imagination from philosophy; the third describes the pleasure to be found in the study of man, the sources of ridicule, the operations of the mind, in producing works of imagination, and the influence of imagination on morals.

~~The Pleasures of the Imagination - Wikipedia~~

The Pleasures of the Imagination examines the birth and development of English "high culture" in the eighteenth century. It charts the growth of a literary and artistic world fostered by publishers, theatrical and musical impresarios, picture dealers and auctioneers, and presented to the public in coffee-houses, concert halls, libraries, theatres and pleasure gardens.

All the primary pleasures of the imagination result from the perception of greatness, or wonderfulness, or beauty in objects; v. 145. The pleasure from greatness, with its final cause; v. 151, to 221. Pleasure from novelty or wonderfulness, with its final cause; v. 222, to 270. Pleasure from beauty, with its final cause; v. 275, to 372.

~~Dr. Mark Akenside: The Pleasures of Imagination. A Poem.~~

The pleasures of the imagination, taken in their full extent, are not so gross as those of sense, nor so refined as those of the understanding. The last are, indeed, more preferable, because they are founded on some new knowledge or improvement in the mind of man; yet it must be confessed, that those of the imagination are as great and as transporting as the other.

~~'Pleasures Of Imagination' by Joseph Addison.~~

"Pleasures of the Imagination" by Joseph Addison Shows of the same Things, that whatever is new or uncommon contributes a little to vary human Life, and to divert our Minds, for a while, with the Strangeness of its Appearance: It serves us for a kind of Refreshment, and takes off from that Satiety we are apt to complain of in our usual and ordinary Entertainments.

~~"Pleasures of the Imagination" by Joseph Addison~~

In aesthetics: The origins of modern aesthetics "series of influential essays, " The Pleasures of the Imagination " in The Spectator (1712). He defended the theory that imaginative association is the fundamental component in our experience of art, architecture, and nature, and is the true explanation of their value to us.

~~The Pleasures of the Imagination Summary—eNotes.com~~

Joseph Addison: The Pleasure Of The Imagination 1435 Words 6 Pages Rational contemplation upon theory, precedents, and proportion had been the driving force behind the previous concept of beauty in the 17th Century, but with the advancement of multiple theories upon sentiment and sensation, scholars began to study extensively exactly how humans subjectively experienced beauty through taste and not reason.

~~Joseph Addison: The Pleasure Of The Imagination | ipl.org~~

Addison's definition of the pleasures of the imagination as "only such Pleasures as arise originally from Sight" (388), is deeply Lockean in its opinion that imagination is ruled and bounded by the external images perceived through the five senses.

Besides, the pleasures of the imagination have this advantage above those of the understanding, that they are more obvious, and more easy to be acquired. It is but opening the eye, and the scene enters. The colours paint themselves on the fancy, with very little attention of thought or application of mind in the beholder.

~~Joseph Addison on the Pleasures of Imagination~~

Addison's "Pleasures of the Imagination" makes a case for such imaginative pleasures as reading, looking at art, and remembering. His essay is written in simple prose and reflects an Enlightenment...

The Pleasures of the Imagination examines the birth and development of English "high culture" in the eighteenth century. It charts the growth of a literary and artistic world fostered by publishers, theatrical and musical impresarios, picture dealers and auctioneers, and presented to the public in coffee-houses, concert halls, libraries, theatres and pleasure gardens. In 1660, there were few professional authors, musicians and painters, no public concert series, galleries, newspaper critics or reviews. By the dawn of the nineteenth century they were all part of the cultural life of the nation. John Brewer's enthralling book explains how this happened and recreates the world in which the great works of English eighteenth-century art were made. Its purpose is to show how literature, painting, music and the theatre were communicated to a public increasingly avid for them. It explores the alleys and garrets of Grub Street, rummages the shelves of bookshops and libraries, peers through printsellers' shop windows and into artists' studios, and slips behind the scenes at Drury Lane and Covent Garden. It takes us out of Gay and Boswell's London to visit the debating clubs, poetry circles, ballrooms, concert halls, music festivals, theatres and assemblies that made the culture of English provincial towns, and shows us how the national landscape became one of Britain's greatest cultural treasures. It reveals to us a picture of English artistic and literary life in the eighteenth century less familiar, but more surprising, more various and more convincing than any we have seen before.

"First published in 1997 by Farrar, Straus and Giroux."

In *Liberty of the Imagination*, Edward Cahill uncovers the surprisingly powerful impact of eighteenth-century theories of the imagination—philosophical ideas about aesthetic pleasure, taste, genius, the beautiful, and the sublime—on American writing from the Revolutionary era to the early nineteenth century. Far from being too busy with politics and commerce or too anxious about the morality of pleasure, American writers consistently turned to ideas of the imagination in order to comprehend natural and artistic objects, social formations, and political institutions. Cahill argues that conceptual tensions within

aesthetic theory rendered it an evocative language for describing the challenges of American political liberty and confronting the many contradictions of nation formation. His analyses reveal the centrality of aesthetics to key political debates during the colonial crisis, the Revolution, Constitutional ratification, and the advent of Jeffersonian democracy. Exploring the relevance of aesthetic ideas to a range of literary genres—poetry, novels, political writing, natural history writing, and literary criticism—Cahill makes illuminating connections between intellectual and political history and the idiosyncratic formal tendencies of early national texts. In doing so, *Liberty of the Imagination* manifests the linguistic and intellectual richness of an underappreciated literary tradition and offers an original account of the continuity between Revolutionary writing and nineteenth-century literary romanticism.

With wit and clarity, the authors progress from simple arithmetic to calculus and non-Euclidean geometry. Their subjects: geometry, plane and fancy; puzzles that made mathematical history; tantalizing paradoxes; more. Includes 169 figures.
