The Schopenhauer Cure Irvin D
Yalom himself paints a picture of dedicated and supportive Schopenhauer followers including the loyal executor of Schopenhauer's will. If Schopenhauer was so unattractive in all things (superior, isolated, extremely pessimistic, humourless and misanthropic) how come he had any followers?

The Schopenhauer Cure: Amazon.co.uk: Yalom, Irvin D.

The Schopenhauer Cure is a 2005 novel by Irvin D. Yalom, Emeritus Professor of Psychiatry at Stanford University, an existentialist, and psychotherapist. The story takes place around group therapies coordinated by Julius Hertzfeld and the influence and participation of a former patient, Philip Slate.

The Schopenhauer Cure - Wikipedia

Schopenhauer Cure is a book that lives right at the corner of book nerd street and therapy nerd avenue. I gave it 4 stars because, coincidentally, I live on that same corner. Irvin Yalom is more or less the reigning Godfather of group therapy and has written extensively in the field, both in educational theory/practice and fictional "teaching novels".

The Schopenhauer Cure by Irvin D. Yalom - Goodreads

The Schopenhauer Cure

by Irvin D. Yalom. The author of The Schopenhauer Cure, Irvin Yalom, who is a psychotherapist and a professor of psychiatry in California, has written many textbooks on psychotherapy and is a favourite author of psychotherapy students. His book A Gift Of Therapy has been a constant companion of mine. I really like this book, The Schopenhauer Cure, because it is a textbook in that it is full of interesting information, but it is written as a novel, which makes it more compelling to read.

Irvin Yalom Biography - GoodTherapy

Directed by Sabine Gisiger. With Irvin D. Yalom, Marilyn Yalom. This cinematic feature documentary is more than a classic biography. Yalom takes the audience on an existential journey through the many layers of the human mind while he shares his fundamental insights and wisdom.

Yalom's Cure (2014) - IMDb

Schopenhauer Cure is a good way to learn group psycho-therapeutic practice. Reads like a novel (and it is) and shows that the therapist does his/her clients more good by being an integral part of the group rather than as a stone faced know-it-all. Yalom is definitely NOT a Freudian. His methodology is largely Existential/eclectic counseling.

Suddenly confronted with his own mortality after a routine checkup, eminent psychotherapist Julius Hertzfeld is forced to reexamine his life and work -- and seeks out Philip Slate, a sex addict whom he failed to help some twenty years earlier. Yet Philip claims to be cured -- miraculously transformed by the pessimistic teachings of German philosopher Arthur Schopenhauer -- and is, himself, a philosophical counselor in training. Philip's dour, misanthropic stance compels Julius to invite Philip to join his intensive therapy group in exchange for tutoring on Schopenhauer. But with mere months left, life may be far too short to help Philip or to compete with him for the hearts and minds of the group members. And then again, it might be just long enough.

Julius Hertzfeld is a distinguished psychotherapist when a sudden confrontation with his own mortality forces him to re-examine his life and work. Has he really made an enduring difference to the lives of his patients? And what about those he's failed ⚡ what has happened to them? His attempt to make sense of the past places him on a collision course with former patient Philip Slate a handsome but arrogant and misanthropic sex addict whom he had treated, unsuccessfully, 23 years before. In a profound challenge to Julius's professional status, Philip claims to have cured himself by reading the works of philosopher Arthur Schopenhauer. Furthermore, he has become a philosophical counselor, and asks Julius to act as his professional supervisor in order to obtain a license to practise. Reluctantly, Julius agrees, and they strike a Faustian bargain ⚡ one which threatens to undermine his career and the well-being of his patients, but also brings with it the potential for extraordinary personal change through a unique combination of psychotherapy and philosophy.

Reevaluating his life after a brush with death, psychiatrist Julius Hertzfeld reconnects with former patient Philip and urges him to join Hertzfeld's therapy group, unaware that a woman Philip victimized is also a member.

Bestselling writer and psychotherapist Irvin D. Yalom puts himself on the couch in a lapidary memoir Irvin D. Yalom has made a career of investigating the lives of others. In this profound memoir, he turns his writing and his therapeutic eye on himself. He opens his story with a nightmare: He is twelve, and is riding his bike past the home of an acne-scarred girl. Like every morning, he calls out, hoping to befriend her, "Hello Measles!" But in his dream, the girl's father makes Yalom understand that his daily greeting had hurt her. For Yalom, this was the birth of empathy; he would not forget the lesson. As Becoming Myself unfolds, we see the birth of the insightful thinker whose books have been a beacon to so many. This is not simply a man's life story, Yalom's reflections on his life and development are an invitation for us to reflect on the origins of our own selves and the meanings of our lives.

In nineteenth-century Vienna, a drama of love, fate, and will is played out amid the intellectual ferment that defined the era. Josef Breuer, one of the founding fathers of psychoanalysis, is at the height of his career. Friedrich Nietzsche, Europe's greatest philosopher, is on the brink of suicidal despair, unable to find a cure for the headaches and other ailments that plague him. When he agrees to treat Nietzsche with his experimental [talking cure.] Breuer never expects that he too will find solace in their sessions. Only through facing his own inner demons can the gifted healer begin to help his patient. In When Nietzsche Wept, Irvin Yalom blends fact and fiction, atmosphere and suspense, to unfold an unforgettable story about the redemptive power of friendship.

A haunting portrait of Arthur Rosenberg, one of Nazism's chief architects, and his obsession with one of history's most influential Jewish thinkers In The Spinoza Problem, Irvin Yalom spins fact and fiction into an unforgettable psycho-philosophical drama. Yalom tells the story of the seventeenth-century thinker Baruch Spinoza, whose philosophy led to his own excommunication from the Jewish community, alongside that of the rise and fall of the Nazi ideologue Alfred Rosenberg, who two hundred years later during World War II ordered his task force to plunder Spinoza's ancient library in an effort to deal with the Nazis' "Spinoza Problem." Seamlessly alternating between Golden Age Amsterdam and Nazi Germany, Yalom investigates the inner lives of these two enigmatic men in a tale of influence and anxiety, the origins of good and evil, and the philosophy of freedom and the tyranny of terror.

The many thousands of readers of the best-selling Love's Executioner will welcome this paperback edition of an earlier work by Dr. Irvin Yalom, written with Ginny Elkin, a pseudonymous patient whom he treated--the first book to share the dual reflections of psychiatrist and patient.Ginny Elkin was a troubled young and talented writer whom the psychiatric world had labeled as [schizoid.] After trying a variety of therapies, she entered into private treatment with Dr. Irvin Yalom at Stanford University. As part of their work together, they agreed to write separate journals of each of their sessions. Every Day Gets a Little Closer is the product of that arrangement, in which they alternately relate their descriptions and feelings about their therapeutic relationship.

Written in Irv Yalom's inimitable story-telling style, Staring at the Sun is a profoundly encouraging approach to the universal issue of mortality. In this magisterial opus, capping a lifetime of work and personal experience, Dr. Yalom helps us recognize that the fear of death is at the heart of much of our anxiety. Such recognition is often catalyzed by an "awakening experience"⚡a dream, or loss (the death of a loved one, divorce, loss of a job or home), illness, trauma, or aging. Once we confront our own mortality, Dr. Yalom writes, we are inspired to rearrange our priorities, communicate more deeply with those we love, appreciate more keenly the beauty of life, and increase our willingness to take the risks necessary for personal fulfillment.

From the bestselling author of Love's Executioner and When Nietzsche Wept comes a provocative exploration of the unusual relationships three therapists form with their patients. Seymour is a therapist of the old school who blurs the boundary of sexual propriety with one of his clients. Marshal, who is haunted by his own obsessive-compulsive behaviors, is troubled by the role money plays in his dealings with his patients. Finally, there is Ernest Lash. Driven by his sincere desire to help and his faith in psychoanalysis, he invents a radically new approach to therapy -- a totally open and honest relationship with a patient that threatens to have devastating results. Exposing the many lies that are told on and off the psychoanalyst's couch, Lying on the Couch gives readers a tantalizing, almost illicit, glimpse at what their therapists might really be thinking during their sessions. Fascinating, engrossing and relentlessly intelligent, it ultimately moves readers with a denouement of surprising humanity and redemptive faith.

This book is a guide for discovering joy, the simple pleasure of living each day. I am a psychotherapist, with an office in New York City. As I work with patients and listen to their stories, I search for themes that define the human condition. These themes have melded into a philosophy centered upon living with joy... No book can substitute for the process of psychotherapy. But I hope these ideas will introduce you to the work of selfdiscovery at the heart of that experience. -from the introduction to Life is a Brief Opportunity for Joy
