In The Secret Life of Uri Geller , the seasoned journalist Jonathan Margolis traces hints left by Geller to tell the true story of how a poor boy from a broken family in the back streets of Tel Aviv went from being a playground sensation with strange powers to a bizarre player in the Superpower mind games of the 1970s, and who was later 'reactivated' after 9/11 for the notorious War on Terror.

A completely revised and updated biography of Uri Geller in which the world famous man of mystery opens up about his work as a psychic spy for the CIA and Mossad - tying in with the release of a new documentary exploring this previously unknown area of Geller's past.

New Biography Shows Celebrity Spoon Bender, Uri Geller, Secretly Worked for U.S. Intelligence Agencies This authorized biography of Uri Geller tells his life story and explores recent claims about his clandestine work with the CIA and the Israeli intelligence agency, the Mossad, during and after the Cold War. Geller is best-known for his Vegas-style act where he bends spoons, describes hidden drawings, and performs other paranormal feats. Technology journalist and former Time magazine correspondent, Jonathan Margolis, worked alongside Geller and Oscar-winning filmmaker Vikram Jayanti on the book, to be published October 15th Jayanti debuted a documentary at the Sheffield (UK) Film Festival commissioned by the BBC and entitled, The Secret Life of Uri Geller: Psychic Spy? Jayanti directed the Muhammad Ali documentary, When We Were Kings. "Now there is the internet and the NSA's ability to monitor massive amounts of chatter around the world," says Margolis. "40 years ago, however,

## Acces PDF The Secret Life Of Uri Geller Cia Masterspy

intelligence agencies needed to explore way-out ways of monitoring the bad guys. The people I interviewed on-the-record for the book were adamant that Uri Geller wasn't only able to gather secret information remotely and perform other espionage tasks, but was extremely good at it. Throughout his career, Uri Geller has courted controversy. He is known globally as an entertainer and friend of pop star, Michael Jackson, who was best man at the renewal of Geller's wedding vows. He also made millions as a psychic adviser to the oil industry, but as a paranormalist was humiliated in a 1974 appearance on "The Tonight Show" with Johnny Carson. And yet there are photographs from 1987 of Geller together with Al Gore, Yuli M. Vorontsov, First Deputy Foreign Minister of the Soviet Union, and several other high ranking US officials at nuclear arms limitation talks between the U.S. and the Soviet Union. What was Geller doing in these pictures? Margolis brings proof that Geller was there at the invitation of the chairman of the Senate Foreign Relations committee to influence Vorontsov's to sign the treaty. There is also new testimony from a living senior former CIA official and others who worked for the Agency confirming that Geller was exhaustively laboratory tested on behalf of the CIA, and was used as an intelligence asset of the CIA and Defense Intelligence Agency — and that under President Carter's presidency, using psychics in intelligence matters was known about and accepted at the White House. Michael Mann, publisher at large for Watkins, said: "Uri is world-famous for mind reading and spoon bending but his work with the CIA and Mossad during the 60s and 70s as well as, it seems, in post 9/11 times, has until now remained secret. The Secret Life of Uri Geller tells the real story of his extraordinary life and his alleged continuing undercover work for the West's major spy agencies."

Is Uri Geller a CIA Masterspy? For over 60 years, spanning from his childhood to the Cold War to the current day, former Israeli paratrooper, Six Day War veteran and psychic Uri Geller has been an enigma.

## Acces PDF The Secret Life Of Uri Geller Cia Masterspy

To many, he is an entertainer, a crackpot, a Hollywood hanger-on. Now, with his major new biography, journalist Jonathan Margolis takes us behind the scenes of Geller's public life to reveal his undercover work for the CIA, NSA, Mossad and the FBI. It is well known that from the early 1970s through to the mid-1990s, the CIA funded research into extrasensory perception, remote viewing, out-of-body experiences, and other psychic phenomenon. Who better to recruit than Uri Geller? His psychic abilities were repeatedly tested and verified by the Stanford Research Institute in California, and in one propaganda video, now available online, Geller is in an SRI conference room drawing a copy of a picture that has been hidden in a sealed envelope by an agent. In *The Secret Life of Uri Geller*, the seasoned journalist Jonathan Margolis traces hints left by Geller to tell the true story of how a poor boy from a broken family in the back streets of Tel Aviv went from being a playground sensation with strange powers to a bizarre player in the Superpower mind games of the 1970s, and who was later 'reactivated' after 9/11 for the notorious War on Terror.

I never planned to become an expert on Uri Geller. A smaller boy made me do it - my son, David, aged 15 in 1996, when we first had the Internet, became fascinated online by the controversy over Geller. I sighed and tried to discourage him. He's just a washed-up fake, I explained. David was not convinced, and through a wonderful British inventor, John Knopp, whom I had interviewed, he made contact with Geller. Uri was soon inviting my whole family to come to his house. There was a slight setback when we turned up, all five of us, and Uri was out. His excuse was more than reasonable. He had been asked to go to the old Wembley Stadium to give some psychic support to the England football team. We returned another week. We saw a spoon bend on its own, and a series of quite extraordinary micro events, enough to fill a long article in themselves, unfolded. This weird little pattern starts up again

## Acces PDF The Secret Life Of Uri Geller Cia Masterspy

every time I have contact with Uri, even if I'm thousands of kilometres from him. Now, intrigued, I began researching Uri, and found that everything I had told David - such as my absolute insistence that he had never been validated by science - was wrong. Even so, Uri's life has been so packed with extraordinary, bizarre and fascinating incidents, and so rammed with stories, that 17 years after first meeting him, I'm still learning. This book concerns a side of Uri that even many who know him well will not have been aware of until now. I think even the most sceptical reader will find it intriguing, and just possibly compelling.

There is more to Uri Geller than his countless "miracles" - and James (The Amazing) Randi tells all in this fascinating examination of the Geller myth. - What really makes Geller run? - Why have scientists reported on all Geller's "successful" psychic tests and ignored his many failures? - Why will Uri perform almost anywhere, anytime, except in front of professional magicians? - Can Geller actually bend spoons, keys and nails with his "psychic" powers? - Why do people around the world continue to believe Geller has magic powers, when his tricks have been exposed many times? In an eye-opening exposé, Randi provides a devastating blow to Geller and the pseudoscience of parapsychology.

Uri Geller would love to write a book revealing himself as a trickster. It would be an instant bestseller: people around the world would be thrilled to know that he really did fool the CIA and Mossad, and scientists at the Stanford Research Institute and the University of London. But he can't do it, because he knows that his psychic powers are real - just as yours are, too! This is a guide to releasing your PSI-FORCE and using it for whatever purpose you want. Your psi-force will help you excel at sport, outsmart your boss, win at games, make friends, attract a lover, overcome illness and depression, come

## Acces PDF The Secret Life Of Uri Geller Cia Masterspy

to terms with disaster, be a financial success, and, above all, be happy and content. But you must learn to channel your psychic powers your way. Uri will teach you how to get the best out of your particular talent using the dynamic force that is in you already, just waiting to be awakened. The book is packed full of tests to assess your own psychic potential and progress, as well as step-by-step guidance to connecting with and using psi-force, from reading the intentions and thoughts of others to out-psyching your boss and bank manager to drawing on psi-force to manifest your desired outcomes.

In 1949, in a poor Tel Aviv apartment, a three-year-old boy watched a soup spoon bend and break in his hand. Throughout childhood, Uri Geller discovered he had other astonishing psychic abilities. He turned them into a paranormal stage act and became a superstar in Israel. Word spread overseas, where some of the world's leading physicists attested to Geller's metal bending. His mind reading was validated by the prestigious science journal *Nature*. Acting on classified reports which indicated strongly that he was genuine, the CIA and Mossad vied for the services of the psychic prodigy.

Blending Eastern and Western philosophies with insights into nature, ecology, and physiology, this exploration of the place of humankind within the universe —and our individual stations—is both intellectual and approachable. Thinkers, writers, scientists, and educators of all stripes come together to examine subjects ranging from the nature of reality to brain science to the impact of technology on our world views, and more. They reveal that "the universe" may actually be comprised of multiple "universes" that overlap like the skin of an onion; peel away one layer of reality, and there's others

## Acces PDF The Secret Life Of Uri Geller Cia Masterspy

waiting to be experienced, if not completely understood. The book presents intriguing ideas from visionaries ranging from Jesus to Galileo, Newton to Descartes, and Kant to Einstein, among many others.

In this book, Uri Geller shows that the human mind is a powerhouse of energy, untapped by most people and yet capable of restoring physical and mental health. He shows that if you believe your mind is powerful enough to affect your health, you can send that message to your brain directly.
