The Shepherd's Life is a memoir about growing up amidst a magical, storied landscape, of coming of age in the 1980s and 1990s among hills that seem timeless, and yet suffused with history. Broken into the four seasons, the book chronicles the author's daily experiences at work with his flock and brings alive his family and their ancient way of life, which at times can seem irreconcilable with the modern world.

"It's bloody marvelous." - Helen Macdonald, New York Times bestselling author of H IS FOR HAWK The Instant #1 International Bestseller Some people's lives are entirely their own creations. James Rebanks' isn't. The first son of a shepherd, who was the first son of a shepherd himself, his family have lived and worked in the Lake District of Northern England for generations, further back than recorded history. It's a part of the world known mainly for its romantic descriptions by Wordsworth and the much loved illustrated children's books of Beatrix Potter. But James' world is quite different. His way of life is ordered by the seasons and the work they demand. It hasn't changed for hundreds of years: sending the sheep to the fells in the summer and making the hay; the autumn fairs where the flocks are replenished; the grueling toil of winter when the sheep must be kept alive, and the light-headedness that comes with spring, as the lambs are born and the sheep get ready to return to the hills and valleys. The Shepherd's Life the story of a deep-rooted attachment to place, modern dispatches from an ancient landscape that describe a way of life that is little noticed and yet has profoundly shaped the landscape over time. In evocative and lucid prose, James Rebanks takes us through a shepherd's year, offering a unique account of rural life and a fundamental connection with the land that most of us have lost. It is a story of working lives, the people around him, his childhood, his parents and grandparents, a people who exist and endure even as the culture - of the Lake District, and of farming - changes around them. Many memoirs are of people working desperately hard to leave a place. This is the story of someone trying desperately hard to stay.

THE SUNDAY TIMES NUMBER ONE BESTSELLER 'Affectionate, evocative, illuminating. A story of survival - of a flock, a landscape and a disappearing way of life. I love this book' Nigel Slater 'Triumphant, a pastoral for the 21st century' Helen Davies, Sunday Times, Books of the Year 'The nature publishing sensation of the year, unsentimental yet luminous' Melissa Harrison, The Times, Books of the Year Some people's lives are entirely their own creations. James Rebanks' isn't. The first son of a shepherd, who was the first son of a shepherd himself, he and his family have lived and worked in and around the Lake District for generations. A Viking would understand the work they do: sending the sheep to the fells in the summer and making the hay; the autumn fairs where the flocks are replenished; the gruelling toil of winter when the sheep must be kept alive, and the light-headedness that comes with spring, as the lambs are born and the sheep get ready to return to the fells.

A major new talent redefines the literature of rural life. Old world met new when a shepherd in the English Lake District impulsively started a Twitter account. A routine cell phone upgrade left author James Rebanks with a pretty decent camera and a pre-loaded Twitter app--the tools to share his way of life with the world. And what began as a tentative experiment became an international phenomenon. James has worked the land for years, as did his father, and his father before him. His family has lived and farmed in the Lake District of Northern England as long as there have been written records (since 1420) and possibly much longer. And while the land itself has inspired great poets and authors we have rarely heard from the people who tend it. One Twitter account has changed all that, and now James Rebanks has broken free of the 140-character limit and produced "the book I have wanted to write my whole life." The Shepherd's Life is a memoir about growing up amidst a magical, storied landscape, of coming of age in the 1980s and 1990s among hills that seem timeless, and yet suffused with history. Broken into the four seasons, the book chronicles the author's daily experiences at work with his flock and brings alive his family and their ancient way of life, which at times can seem irreconcilable with the modern world. An astonishing original work, The Shepherd's Life is an intimate look from inside a seemingly ordinary life, one that celebrates the meaning of place, the ties of family to the land around them, and the beauty of the past. It is the untold story of the Lake District, of a people who exist and endure out of sight in the midst of the most iconic literary landscape in the world.

I am the luckiest man alive, because I get to live and work in the most beautiful place on earth: Matterdale in the English Lake District. When I was a child we didn't really go anywhere, except a week in the Isle of Man when I was about ten years old, and I never left Britain until I was twenty. Even now, years later, the best bit of any travelling is coming home. Bringing us into the world of shepherd's baking competitions, sheep shows and moments out on the fell watching the sheep run away home, James Rebanks interweaves thoughts and reflections on the art of shepherding with his photographs of the valley, people and animals that make up the daily life of the fells. A life lived by the three hundred surviving fell farming families, this is a book of photos and words filled with reverence and love.

“ Jerry Nelson ' s column comes from the true heart of the Midwest. He has the true voice, the slow twang. He knows wheat from barley. He knows hardware, he knows vegetation, he knows people. ” —Garrison Keillor In the tradition of Mark Twain and Jean Shepherd, Dave Barry and Garrison Keillor, Jerry Nelson is a humorist whose beat is the American heartland, a small-town world of pickup trucks and Sunday night pancake dinners, dropping in on neighbors and complaining about the county agent. His depictions of daily life, from the point of view of an ex-dairy farmer and taciturn husband with a twinkle in his eye, are read by 250,000 people a week—and occasionally woven into Prairie Home Companion scripts. These are stories of courtship; childbirth—he offers the delivery room doctor the use of his calf puller; family; neighbors; chores; and the duties of a father—why is it that a man who spends his days in cow manure can ' t change a baby ' s diaper? Knee-slappingly funny one moment, poignant the next, it ' s a very special look at a distinctly American way of life.

Growing up on the Wirral, Hannah Jackson had no idea she wanted to work on a farm until a life-changing family visit to the Lake District in her late teens. It was there where she first saw a lamb being born, giving her the drive to defy her urban roots and become a professional shepherd. She never looked back. In this uplifting and inspirational memoir, Hannah shares how she broke the stereotypes of her 'townie' beginnings, took risks and faced up to the challenges of being a young woman in a male-dominated industry, and followed her heart to become the Red Shepherdess. But behind the beautiful landscape, talented sheepdogs and eye-catching red hair was a steep learning curve. The physically and mentally demanding conditions she faced as she chased her dreams to build her own Cumbrian farm taught Hannah the values she holds true, including community, leadership, patience and resilience. In *Call Me Red*, Hannah gives a unique insight into farming life and reveals a mindset and determination that proves no matter your background, with hard graft (and a loyal sheepdog) you can make your dreams a reality.
