<p>Traces the history of art from primitive cave paintings to controversial works of the present day.</p>

The Short Story of Art is a new and innovative introduction to the subject of art. Simply constructed, the book explores 50 key works, from the wall paintings of Lascaux to contemporary installations, and then links these to sections on art movements, themes, and techniques. The design of the book allows the student or art enthusiast to easily navigate their way around key periods, artists and styles. Accessible and concise, it simplifies and explains the most important and influential concepts in art, and shows how they are linked. The book explains how, why, and when art changed, who introduced certain things, what they were, where they were produced, and whether they matter. It demystifies artistic jargon, giving readers a thorough understanding and broad enjoyment of art.

"The Story of Art is one of the most famous and popular books on art ever published. For 45 years it has remained unrivalled as an introduction to the whole subject, from the earliest cave paintings to the experimental art of today. Readers of all ages and backgrounds throughout the world have found in Professor Gombrich a true master, who combines knowledge and wisdom with a unique gift for communicating directly his own deep love of the works of art he describes." "The Story of Art owes its lasting popularity to the directness and simplicity of the writing, and also the author's skill in presenting a clear narrative. He describes his aim as 'to bring some intelligible order into the wealth of names, periods and styles which crowd the pages of more ambitious works', and using his insight into the psychology of the visual arts, he makes us see the history of art as 'a continuous weaving and changing of traditions in which each work refers to the past and points to the future, a living chain that still links our own time with the Pyramid age'. In its new format, the 16th edition of this classic work is set to continue its triumphant progress for future generations and to remain the first choice for all newcomers to art." --BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Exquisite cloth-bound edition of the classic art-history text – the perfect gift for every art connoisseur and student For more than 60 years Ernst Gombrich's The Story of Art has been a global bestseller – with more than 8 million copies sold – the perfect introduction to art history, from the earliest cave paintings to art of the twentieth century, a masterpiece of clarity and personal insight. This classic book is currently in its 16th edition and has been translated into more than 30 languages, and published in numerous formats and editions. Now, for the first time, this Luxury Edition is the ultimate gift purchase for all art lovers – a perfect keepsake to treasure, and to inspire future generations.

A New York Times Best Art Book of 2019 " A riveting book . . . few stones are left unturned. " —Roberta Smith ' s " Top Art Books of 2019, " The New York Times This fascinating and enlightening study of the tie-on pocket combines materiality and gender to provide new insight into the social history of women ' s everyday lives—from duchesses and country gentry to prostitutes and washerwomen—and to explore their consumption practices, sociability, mobility, privacy, and identity. A wealth of evidence reveals unexpected facets of the past, bringing women ' s stories into intimate focus. " What particularly interests Burman and Fennetaux is the way in which women of all classes have historically used these tie-on pockets as a supplementary body part to help them negotiate their way through a world that was not built to suit them. " —Kathryn Hughes, The Guardian " A brilliant book. " —Ulinka Rublack, Times Literary Supplement

Pocket Change Collective was born out of a need for space. Space to think. Space to connect. Space to be yourself. And this is your invitation to join us. "Drew's experience teaches us to embrace what we are afraid of and be true to ourselves. She uses her passion to change the art world and invites us to join her."--Janelle Monáe, award-winning singer, actress, and producer "Powerful and compelling, this book gives us the courage to discover our own journeys into art."--Hans Ulrich Obrist, artistic director of the Serpentine Galleries in Kensington Gardens, and co-editor of the Cahiers d'Art review "This deeply personal and boldly political offering inspires and ignites."-- Kirkus Reviews, starred review In this powerful and hopeful account, arts writer, curator, and activist Kimberly Drew reminds us that the art world has space not just for the elite, but for everyone. Pocket Change Collective is a series of small books with big ideas from today's leading activists and artists. In this installment, arts writer and co-editor of Black Futures Kimberly Drew shows us that art and protest are inextricably linked. Drawing on her personal experience through art toward activism, Drew challenges us to create space for the change that we want to see in the world. Because there really is so much more space than we think.

The Short Story of Women Artists tells the full history - from the breakthroughs that women have made in pushing for parity with male artists, to the important contributions made to otherwise male-dominated artistic movements, and the forgotten and obscured artists who are now being rediscovered and reassessed. Accessible, concise and richly illustrated, the book reveals the connections between different periods, artists and styles, giving readers a thorough understanding and broad enjoyment of the full achievements that female artists have made.

Amy Guglielmo, Jacqueline Tourville, and Brigette Barrager team up to tell the joyful and unique story of the trailblazing Disney artist Mary Blair. Mary Blair lived her life in color: vivid, wild color. From her imaginative childhood to her career as an illustrator, designer, and animator for Walt Disney Studios, Mary wouldn ' t play by the rules. At a time when studios wanted to hire men and think in black and white, Mary painted twinkling emerald skies, peach giraffes with tangerine spots, and magenta horses that could fly. She painted her world.

Prominent Renaissance scholars reveal new insights into Piero ' s life and work based on a study of his exquisite small panel paintings.
