Therapeutic Recreation Practice | Sagamore Venture Publishing  
In fact, recreational therapists should take pride in being among the early adopters of the strengths-based approach. Recreational therapy's foundation in humanistic psychology, and subsequently in positive psychology, has always provided an orientation to practice in which therapists were encouraged to focus on client strengths and resources. In addition, the authors argue that Heyne and Anderson's exclusive focus on strengths, to the neglect of client problems and concerns, does not ...
