Financial statements are the report card of a business. Whether you are a new investor, a small business owner, an executive, or just trying to keep track of your personal finances, you need to understand how to read, analyze, and create financial statements so you can get a full and accurate understanding of your finances. Financial statements will tell you how much money the operation has stashed away, how much debt is owed, the income coming in each month, and the expenses going out the door.

~~Guide to Understanding Financial Statements~~

The balance sheet or statement of financial positions shows the financial position—assets, liabilities, and stockholders' equity—of the firm on a particular date, such as the end of a quarter or a year. 2.
