Over 7 billion people live on the earth, and 84 percent of them describe themselves as being religious. Few topics incite such passion as religion. What does that mean? Why are humans invested in ideas that may never be proved? Why has religion played such an important role in history? In Comparative Religion: Investigate the World through Religious Tradition, readers seek answers to these questions by comparing and contrasting the cultural, spiritual, and geographical underpinnings of five different religions. By developing a better understanding of the similarities and differences among religions of the world, readers gain a strong foothold in a dialogue that has continued for thousands of years. Combining hands-on activities with theology, history, geography, world cultures, art, and architecture, Comparative Religions encourages deeper understanding of the world 's religions. Entertaining graphic art, fascinating sidebars, and links to primary sources bring the topic to life, while key questions reaffirm foundational concepts. Activities include conducting an interview with a rabbi, comparing the story of Abraham and Isaac in three sacred texts, studying the architecture of the National Cathedral in Washington, DC, studying the Hindu practice of yoga and meditation, and examining how religious doctrines shape the behavior of believers.

The essays collected here, prepared by a think tank of the Elijah Interfaith Academy, explore the challenges associated with sharing wisdom—learning, teachings, messages for good living. How should religions go about sharing their wisdom? These chapters, representing six faith tradition (Jewish, Christian, Muslim, Hindu, Sikh, and Buddhist), explore what wisdom means in each of these traditions; why and how it should be shared, internally and externally; and the role of love and forgiveness in sharing. This book offers a theory that can enrich ongoing encounters between members of faith traditions by suggesting a tradition-based practice of sharing wisdom, while preserving the integrity of the teaching and respecting the identity of anyone with whom wisdom is shared. Contributors: Pal Ahluwalia, Timothy Gianotti, Alon Goshen-Gottstein, Sallie B. King, Anantanand Rambachan, Meir Sender, Miroslav Volf

Rabbi on the Ganges: A Jewish-Hindu Encounter is the first work to engage the new terrain of Hindu-Jewish religious encounter. The book offers understanding into points of contact between the two religions of Hinduism and Judaism. Providing an important comparative account, the work illuminates key ideas and practices within the traditions, surfacing commonalities between the jnana and Torah study, karmakanda and Jewish ritual, and between the different Hindu philosophic schools and Jewish thought and mysticism, along with meditation and the life of prayer and Kabbalah and creating dialogue around ritual, mediation, worship, and dietary restrictions. The goal of the book is not only to unfold the content of these faith traditions but also to create a religious encounter marked by mutual and reciprocal understanding and openness.
