LDS linguist Brian Stubbs is a leading expert in the Uto-Aztecan language family that anciently covered from Mexico to Utah. The interesting thing about this language family is that Brian Stubbs has discovered that it has been strongly influenced by both Hebrew and Egyptian, the only two Old World languages mentioned in The Book of Mormon. He also discovered that this language family seems to ...

Pochutec is an extinct Uto-Aztecan language of the Nahuang (or Aztecan) branch which was spoken in and around the town of Pochutla on the Pacific coast of Oaxaca, Mexico.In 1917 it was documented in a monograph by Franz Boas, who considered the language nearly extinct. In the 1970s another investigator found two speakers around Pochutla who still remembered a few of the words recorded by Boas.
