Animals in the World Vanishing Animals By Gerald Durrell

Vanishing Animals - Gerald Durrell. A herd of deer in China was not known to the modern science of Zoology until 1865. They came to Europe by a sheer chance from their country. If some of these animals had not come to Europe, they would have been an extinct race now. They are now called Pere David deer. Their existence was first discovered by a French missionary, Father David.

Gerald Durrell. My family and other animals. When the unconventional Durrell family can no longer endure the damp, gray English climate, they do what any sensible family would do: sell their house and relocate to the sunny Greek isle of Corfu. My Family and Other Animals was intended to embrace the natural history of the island but ended up as a delightful account of Durrell's family's ...
