Retro Console Hardware Price Guide. In our retro game collecting guides, we often focus primarily on the games themselves, but I wanted to start monitoring the values of common variations of console hardware as well. My goal with this price guide is to give everyone an easily-accessible price listing of mainstream retro consoles so that it is easy to survey the console landscape, see what you ...

Best Video-Game Console Buying Guide - Consumer Reports

The Game Boy Light is a pretty rare console any way you slice it: it was only released in Japan, and its main feature was a backlight, allowing play in low light. These Famitsu limited editions, complete with natty clear casings, are even rarer, though. Only 5500 units were ever made, with the vast majority of these released in a blister pack rather
