People are finally noticing her, especially the boy who really counts. But then disaster strikes. Are people noticing Floey because she's so fabulous-or because her evil cousins posted her diary on the Internet? And how will Floey ever repair the damage?

* * * 'Informative and entertaining, this publication is a feast for the eyes, while also thought provoking, and offers excellent inspiration for daydreaming about what makes the perfect, modern house.' Wallpaper 'A fascinating selection of innovative homes...this is a thoughtful journey through the evolution of domestic architecture.' Sunday Express Over the last century the way that we live at home has changed dramatically. Nothing short of a design revolution has transformed our houses and the spaces within them - moving from traditional patterns of living all the way through to an era of more fluid, open-plan and modern styles. Whether we live in a new home or a period house, our spaces will have been shaped one way or another by the pioneering Modernists and Mid-century architects and designers who argued for a fresh way of life. Architectural and design writer Dominic Bradbury charts the course of this voyage all the way from the late 19th century through to the houses of today in this ground-breaking book. Over nineteen thematic chapters, he explains the way our houses have been reinvented, while taking in - along the way - the giants of Art Deco, influential Modernists including Le Corbusier and Frank Lloyd Wright, as well as post-war innovators such as Eero Saarinen and Philip Johnson. Taking us from the 20th to the 21st century, Bradbury explores the progress of 'modernity' itself and reveals the secret history of our very own homes.

In China during the Han Dynasty, Ping struggles to care for the baby dragon, Kai, in the desolate mountains of Tai Shan, until fate leads her back to the Garden of the Purple Dragon, where enemies abound and tempt her to try to escape her destiny.

The Wheel of Time @ is a PBS Great American Read Selection! Now in development for TV! Since its debut in 1990, The Wheel of Time@ by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and compelling characters. In Towers of Midnight, the Last Battle has started. The seals on the Dark One's prison are crumbling. The Pattern itself is unraveling, and the armies of the Shadow have begun to boil out of the Blight. The sun has begun to set upon the Third Age. Perrin Aybara is now hunted by specters from his past: Whitecloaks, a slayer of wolves, and the responsibilities of leadership. All the while, an unseen foe is slowly pulling a noose tight around his neck. To prevail, he must seek answers in Tel'aran'rhiod and find a way--at long last--to master the wolf within him or lose himself to it forever. Meanwhile, Matrim Caution prepares for the most difficult challenge of his life. The creatures beyond the stone gateways--the Aelfinn and the Belfinn--have confused him, taunted him, and left him hanged, his memory stuffed with bits and pieces of other men's lives. He had hoped that his last confrontation with them would be the end of it, but the Wheel weaves as the Wheel wills. The time is coming when he will again have to dance with the Snakes and the Foxes, playing a game that cannot be won. The Tower of Ghenjei awaits, and its secrets will reveal the fate of a friend long lost. Dovie'and'i se tovyva sagain. It's time to toss the dice.
