What Is A Paperback Book

A paperback, also known as a softcover or softback, is a type of book characterized by a thick paper or paperboard cover, and often held together with glue rather than stitches or staples. In contrast, hardcover or hardback books are bound with cardboard covered with cloth, plastic or leather. The pages on the inside are made of paper.

Paperback - Wikipedia

Turns out, the paperback, also known as a softback or softcover book, has been around for a long time. In the early nineteenth century, improvements in printing technology enabled printers to produce cheaper, smaller versions of popular books aimed at railway travelers. British and German publishing houses, like Routledge & Sons and Reclam, found success marketing these new paperback books. The portable volumes could be mass-produced and distributed to non-traditional locations, where they ...

What Is a Paperback Book? - History, Definition & More ...

The Cambridge Dictionary classes a paperback book as a book with a cover made of thick paper. The majority of printers will use a plain uncoated paper in the region of 240gsm which is roughly 0.5mm thick. So a paperback book is a type of book with a softcover. This cover is then normally laminated with either matt or gloss lamination.
