Although Microsoft refers to Windows 10 as the "last version" of Windows, that's not really true. Microsoft updates Windows 10 twice a year, and this book is up-to-date with the changes Microsoft added in the Spring of 2020. Some people call this latest batch of changes the May 2020 Update; others call it Windows 10 version 2004 or simply the 20H1 update. But no matter what you call it, this update brings these changes to your PC:

The first time I heard the term 'computer crash,' I started worrying about the challenge of mastering these machines. Frankly I had all the gear but little or no idea on how to even get started. With no accelerator, no brake, not even a steering wheel, how was I going to control and do something useful with this computer? It doesn't have to be that way as long as you have the proper instruction. Get your first computer driving lessons from Computers For Seniors For Dummies. The For Dummies team is known for making even the most difficult subjects easy - and fun - to master. In this book, you find the ideal road map for finding your way around a personal computer, your PC (learnt something new already!) for the first time. Using Computers For Seniors For Dummies, you discover how to set up and fine tune your PC. You find out how to use Windows Vista - the petrol for your machine. Then the fun really begins! You can surf the vast world of the Internet to do anything from catching up on the latest news to finding out about a new hobby. (Be sure to visit me at www.stirlingmoss.com!) You can put your photos on the computer and share them with friends and family. You can play games. You can play music. You can shop for anything and everything under the sun. You can send greetings and gifts and join in online discussions. You can plan your vacations and print maps to your destination so you can get there without a wrong turn! And if you run into trouble, Computers For Seniors For Dummies has a repair shop - a section on working out and fixing the problem. Computers open up a great world of possibilities. You should be a part of it. With Computers For Seniors For Dummies, you have the power to participate in that world. If I can learn to drive a computer, although I still have my 'L' plates on, so can you! Lose your fear and take control of your new machine with Computers For Seniors For Dummies - the book that is easy and fun to use and prepared especially for you.

Windows is the world's most popular operating system, and Windows For Dummies is the bestselling computer book ever. When you look at Windows XP For Dummies, 2nd Edition, it's easy to see why. Here's all the stuff you want to know, served up in plain English and seasoned with a few chuckles. But make no mistake, this book means business. Author Andy Rathbone listened to what you wanted to know, and this edition is loaded with additional information

about E-mail, faxing, and troubleshooting Maximizing security features Customizing and upgrading Windows XP Multimedia applications—CDs, digital music and photos, video, and more Answers to questions asked by thousands of Windows users If you're just getting started with Windows XP, you'll find Windows XP For Dummies, 2nd Edition is a lot easier than trying to get the fourth-grader next door to explain it to you. (Andy Rathbone is a lot more patient.) There's a whole section devoted to "Windows XP Stuff Everybody Thinks You Already Know," so you can get the hang of the basics quickly and in the privacy of your own home. And if you've been around a couple of generations of Windows, you'll be especially interested in how to squeeze maximum security from the beefed-up anti-spam and firewall features in Service Pack 2. Windows XP For Dummies, 2nd Edition is sort of like a buffet—you can sample everything, or just stick with the stuff you know you like. You'll find out how to Locate programs and files, organize your information, and fax, scan, or print documents Get online safely, send and receive e-mail, work with Internet Explorer's security toolbar, and steer clear of pop-ups, viruses, and spam Make Windows XP work the way you want it to, share your computer while maintaining your privacy, set up a network, and perform routine maintenance Transfer and organize pictures from your digital camera, edit digital video, and create custom CDs of your favorite tunes Use Windows XP's troubleshooting wizards and become your own computer doctor With its task-oriented table of contents and tear-out cheat sheet, Windows XP For Dummies, 2nd Edition is easy to use. You can quickly find what you want to know, and you just may discover that this book is as important to your computer as the power cord.

Everything you need to get productive in the Cloud with Office 365 With 70 million users worldwide, Microsoft Office 365 combines the familiar Office desktop suite with cloud-based versions of Microsoft's next-generation communications and collaboration services. It offers many benefits including security, reliability, compatibility with other products, over-the-air updates in the cloud that don't require anything from the user, single sign on for access to everything right away, and so much more. Office 365 For Dummies offers a basic overview of cloud computing and goes on to cover Microsoft cloud solutions and the Office 365 product in a language you can understand. This includes an introduction to each component which leads into topics around using each feature in each application. Get up to speed on instant messaging Use audio, video, and web conferencing Get seamless access to the Office suite with Office Web apps Access information anywhere, anytime Office 365 is the key to office productivity – and now you can put it to use for you!

Make Microsoft's Surface work—and play—just the way you want it to Microsoft's Surface tablet has the features and personality you're looking for, with a robust environment for business computing that doesn't skimp on fun. Surface for Dummies, 2nd Edition explains how Windows 8.1 Pro and Windows RT differ, and helps you decide which Surface model is best for you. Step by step, this book walks you through both the hardware and software features of the Surface, including the touch cover and type cover, Windows RT and Windows 8.1 Pro operating systems, and the coveted Office Home & Student 2013 software suite that's bundled with the Surface. Written by bestselling author Andy Rathbone, this easy-to-access book is filled with information on how to use the tablet, figure out the operating system, navigate the app environment, and take advantage of your exciting new Surface. The book is your personal guide to one the fastest, sleekest, and most powerful tablets on the market. Surface is designed to be thin, light, and with hours of battery life so you can power through your day with ease. With this handy reference, you'll be able to make quick work of your to-do list and have fun all at the same time! Create: release your inner artist with Fresh Paint, a touch-based art app Share: Multiple accounts offer privacy and security so you can share your Surface, but not your stuff Enjoy: Snap apps side by side to multi-task on the vivid HD screen Discover: New apps in the Windows Store so you can work efficiently and get more done With Surface For Dummies, 2nd Edition you can navigate and enhance your entire Surface experience!
